Dear Hiring Manager:

My name is Faith Hill, and I am applying for the Commercial Lines Underwriting Internship. I discovered this opportunity through Kevin Hill, an IT Project Manager currently at Liberty Mutual, who referred me to the application. With a bachelor's degree in Communication Studies and my aptitude for strategic thinking, I believe I align with the requirements and core values of Liberty Mutual.

I am interested in this internship because not only do I feel it will aid my skills and mindset, but I also trust that I can bring my combination of relationship building skills and analytical thinking to the table as a reliable team member. In pursuit of my degree, I have learned and utilized various methods of managing and forming complex relationships. I have also conducted various research studies during my education where I have applied both qualitative and quantitative reasoning to formulate the best outcome and understand the underlying context of a variety of situations and channels. I feel that my education, skills and mindset fit into both the internship requirements and the culture inside Liberty Mutual.

Thank you for considering my application, I look forward to scheduling an interview. I appreciate your time and the opportunity to discuss how my skills and experience align with this internship in more detail soon.

Sincerely,

Faith Hill
