Dear Ms. Dipilla:

It was a pleasure to meet and interview with you regarding the Commercial Lines Underwriting Internship opportunity. I enjoyed learning more about the direction of the work and how the team will function with a focus on small businesses.

During our discussion you asked a question about qualitative and quantitative reasoning, I have been working on research around media studies and examining minute details in the media we consume and how we respond to it, whether consciously or unconsciously. The qualitative behaviors helped us explore the creation and reinforcement of societal norms. I am confident I will be able to make a major contribution and would become a valuable member of the team. I'd appreciate the ability to apply my degree and interpersonal relationship skills while expanding my knowledge in the corporate environment.

If you need any further information, please do not hesitate to contact me by email or phone. I am very enthusiastic about the possibility of joining the team and enjoyed our discussion around my candidacy.

Sincerely,

Faith Hill
